KATIE CORINNE PHOTOGRAPHY

I believe in heirloom imagery that tells the stories of your life. At the end of a wonderful day we all have documentation: a marriage license, wedding rings, a guest book, etc. But do you have what is really important? Do you have the story of the happiness when you when you first saw her beautiful face, realizing she was now your wife? How wonderful it was wrapped in his arms, the touch of his lips or the look in his eyes? Or the family that came so far to see your beautiful, joyous day and the amazing moments of the night? I want you to have all of these things.

SARAH ROSHAN WEDDING PHOTOGRAPHERS

We believe ... each love story is different and we honor them all. In always loving, graciously. There are no rules for your wedding. Connection drives stories. There are no accidents. The universe has a way of working it self out. Marriage is about love not gender. Dogs are often more loyal than people and should be welcome anywhere. Romance is more about how you see the world than how you see your partner. They just happen to coincide. Marriage is the most epic adventure. In carefree living and letting the life roll off your back. Life is too short to sweat the small stuff.

TINA JOINER PHOTOGRAPHER
